II. OX CART Deployment Plan

25X1 A. The A-12 has been declared operationally ready and capable of performing photographic [] in the Pacific Theater to include:

1. Major portions of the Chinese Mainland including all of South, East, Central and most of North China through the eastern tip of Mongolia through Manchuria to the Soviet Border.

2. North Korea.

25X1 3. []

4. All of Southeast Asia.

B. Operational missions can be conducted at altitudes of 76,000 feet and above at Mach 3.1 (1800 knots) speed. Range extension is accomplished utilizing aerial refuelings outside denied areas with KC-135 tankers of The Strategic Air Command. A KC-135 Squadron will be deployed to Kadena to provide this support. All missions are planned to launch from and recover at Kadena AFB.

C. The program status provides for a Quick Reaction Capability (QRC) of 15 - 19 days from notification to flight of first mission from Kadena. Plans for deployment of necessary personnel [] (people), equipment and aircraft have been finalized and coordinated with ZI and overseas commands. Three A-12 aircraft will be deployed [] to Kadena AFB utilizing aerial refueling and an intermediate stop at Hickam AFB, Hawaii.
